

Trainee Field Operations Assistant

Bauxite Alumina Joint Ventures Pty Ltd has recently been formed as a joint venture project between Bauxite Resources Ltd and Yankuang Resources Pty Limited to explore the bauxite potential in the South West region of Western Australia.

As part of the Company's rapid growth and commitment to the South West Boojarah people, we currently have vacancies for three Trainee Field Operations Assistants within the Resource Development team.

Reporting to the Manager – Resource Development your key responsibilities will be to:

- Assist and liaise with the Exploration and Environment teams.
- Provide ongoing indigenous cultural heritage advice on site (and off site where required) throughout the exploration program.
- Assist survey gridding and ground-truthing of drill program.
- Assist drill and geochemical sampling.
- Assist with all vehicle hygiene requirements.
- Assist with other operational support duties as required

The successful candidate for this role will:

- Demonstrate lineage to the South West Boojarah people.
- Have strong cultural knowledge of Country.
- Have competency in indigenous artefact identification and site management.
- Be able to proactively develop and maintain relationships, exercise initiative and identify opportunities to improve work practices and team dynamics.
- Be fit and capable of traversing (on-foot) large areas of forest daily.

Training and mentorship will be provided to assist the successful candidates in the ongoing roles.

Bauxite Alumina Joint Ventures is a flexible employer focussed on maintaining a team environment that encourages professional development, training and support. The position will be solely field based, however may include visits to Perth for training and inductions. This role offers the successful candidate the opportunity to join a growing company with exciting exploration projects.

A fixed-term contract position with an attractive salary package will be offered to the successful candidate.
