# Working Party and Future Act Sub Committee Meeting Dates for the first half of 2012

Please note that all Working Party meeting dates are currently expected to take only one day (the Wednesday), however, Working Party members and other parties are asked to keep the second day (the Thursday, the possible overflow day, shaded in the table below) free just in case an extra day is needed. Confirmation of the actual meeting dates will be provided to Working Party members (here and by post) at least 21 days before each meeting.
